DEDICATION

The 1981-82 Yearbook Staff is proud to dedicate the 1982 Falcon to their advisor, Mrs. Pat Sylawa. Deciding the dedicatee was one of the first and major tasks that confronted the staff. The choice was difficult yet evident.

A great deal of care was taken in order to select a worthy individual. Mrs. Sylawa proved to be an obvious candidate for this position because of her traits and qualities.

Mrs. Sylawa worked as a secretary in the superintendent's office for two years prior to joining the faculty at Fort Campbell High School. She teaches Typing I, Shorthand, and is the advisor for the Publications class. Not only does Mrs. Sylawa manage the life of a full-time teacher, but also that of a wife and a mother of her 13 year old daughter. She can always be seen at school activities such as a football game or even a Friday night dance. This full load is topped off by her co-sponsoring the Future Secretaries of America Association.

Her services are not only appreciated by the school, but also by the 1981 Yearbook staff. Although Mrs. Sylawa was awarded an "appreciation" in 1967, we would like to award Mrs. Pat Sylawa with our 1982 Falcon.

Students Learn Valuable Trade Skills

Christian County Vocational Education Center, located in Hopkinsville.

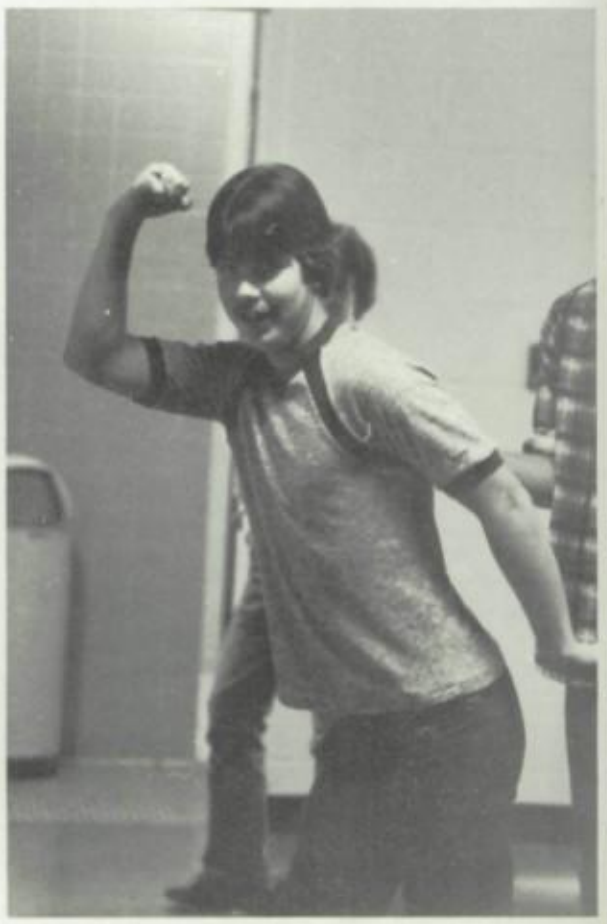
The Christian County Vocational Education Center offers some of our students varied areas of vocational study. The center serves the Christian County area, including Trigg County, Hopkinsville, and Fort Campbell. Fort Campbell has several students who attend this school for the first half of the school day. Students may attend free of charge for a maximum of two years and receive three credits per year. Among the courses offered are heating and air conditioning repair, welding, auto mechanics, auto body repair, electricity, carpentry, masonry, and machine shop. Enrolled in these classes are Jerry Ashworth, Billy Cordes, Roger Gilbert, LeRoy Corbin, Mark Lee, Eddie Steiner, Ray Flores, Mark Harvey, Allen Hicks, Mike Lindsey, Joey Cheek, Butch Conley, Randy Thomas, Gene Saylor, and Bobby Mirrick.

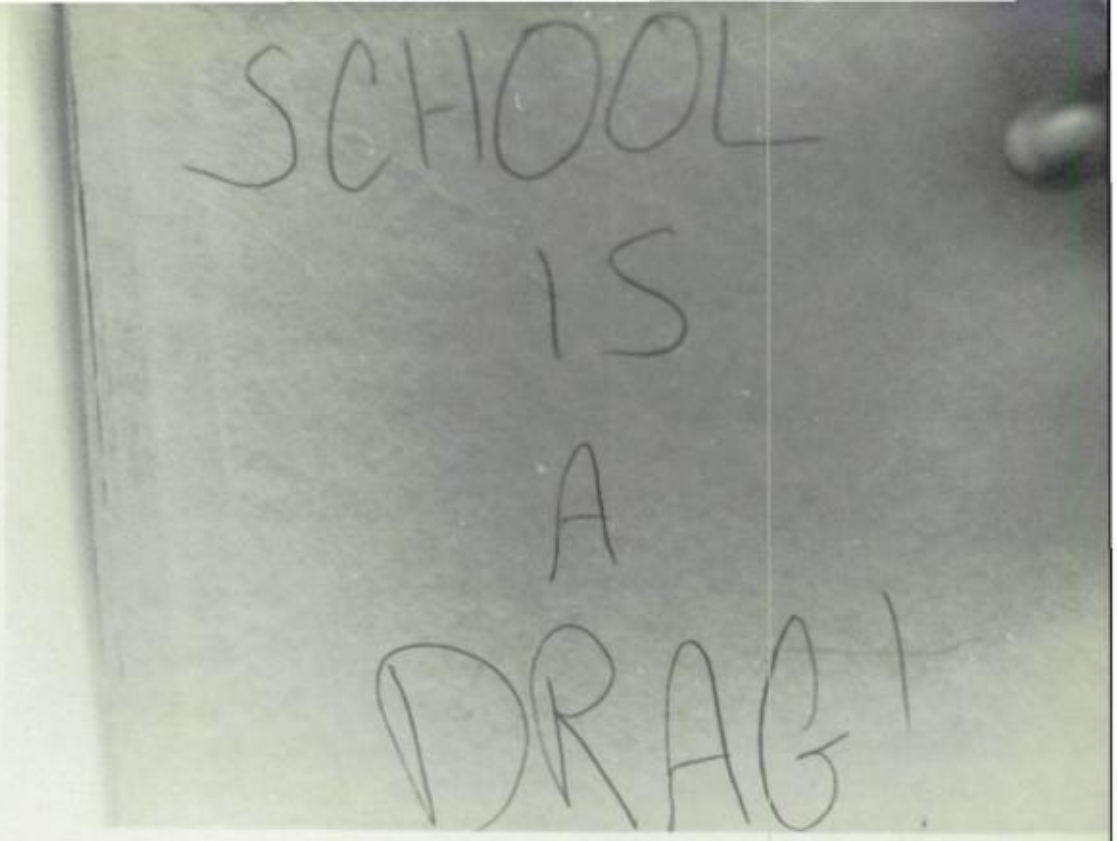
The "Mirrick Wall," perhaps?

RELATING . . . TO EACH OTHER

The students that attend FCHS are constantly moving and readjusting. One would think it would be a difficult task to make close friends knowing they'll only have a limited amount of time before traveling on. Nevertheless, friendship plays a very important role in high school life. Communicating with people everyday is imperative. Because of the smallness of our school, friendships are made quickly and easily, and a "closeness" is created by the common thread of "army life."

Looking back





on the good old days

Spirit is where it's at, folks!!

The week of Homecoming has been traditionally set aside by the cheerleaders as Spirit Week, and this year was no exception. The week began with Monday as Clash Day in which students came dressed in everything from prints and plaids to purple and orange. Tuesday was Punk Day, due to the current Punk Rock fad; Wednesday was Twin Day. Thursday evening the annual Bonfire took place and featured the burning of a McClean County road sign. The week was topped off by the Homecoming Parade on Friday afternoon.

HOMECOMING '81

Charmaine Vassar

Homecoming is always spectacular at Ft. Campbell. This year was no exception. Homecoming week was filled with many activities: the parade, the coronation, and the dance the following evening. For the first time in quite awhile, there was a Homecoming parade. Entries in the parade consisted of floats made by the classes and numerous cars sponsored by various organizations. After the parade, everyone headed for the stadium to see the queen and princesses crowned in a pregame ceremony. Chosen to represent the sophomore, junior, and senior classes were Wendy Sampson, Kitty Davidson, and Sue Hanson, respectively. Crowned as the 1981 Homecoming Queen was Miss Charmaine Vassar. Following the ceremony, the mighty Falcons went on to beat Mclean County by a score of 49-0.

ADMINISTRATION AND ACADEMIA

SUPERINTENDENT

The position of superintendent of the Fort Campbell school system is certainly a very demanding job requiring a most responsible person who has much knowledge and know-how. Among his major responsibilities are overseeing and making certain that all school board policies and new programs are carried out. Fortunately for the school district, Dr. Sitter performs his job in an outstanding manner.

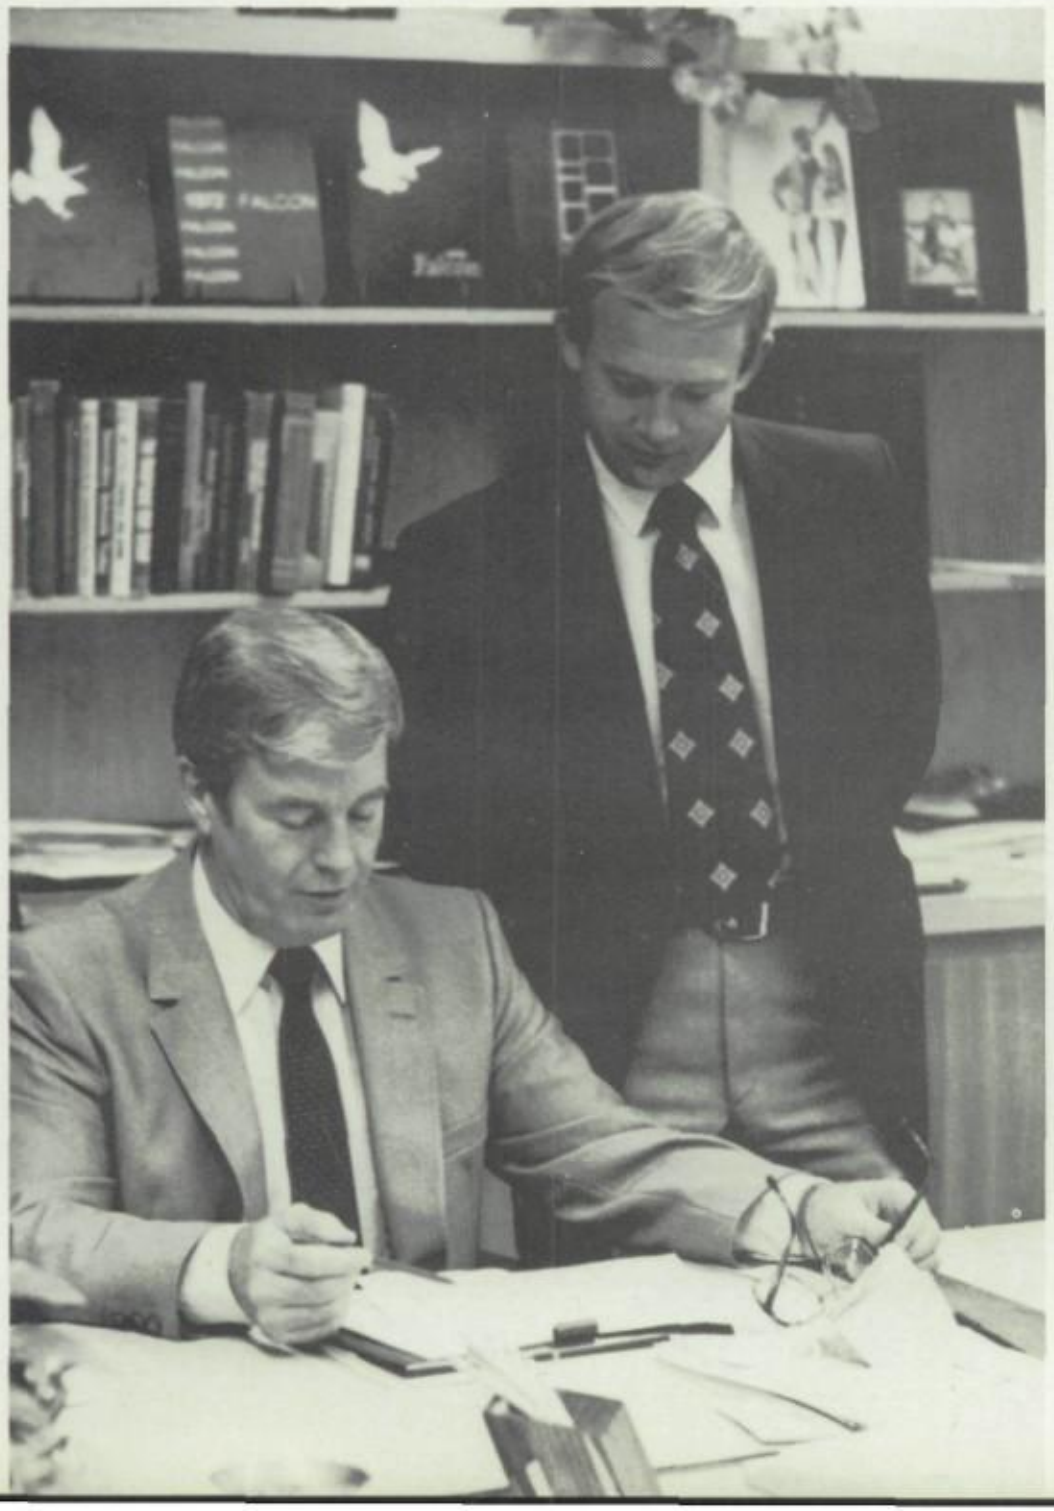
INSTRUCTIONAL SUPERVISOR

Dr. Walker

If you've ever noticed a good looking man with dark, curly hair strolling about the school, in all probability it was Dr. Walker. As the secondary Supervisor for the school, it is Dr. Walker's responsibility to assist teachers in working out new programs and to coordinate the educational programs for the junior and senior high schools.



HEADMASTERS

"Why are you late for class? "What seems to be the problem here?," and "What are you doing in the halls?," seem to be common phrases heard from both Mr. Perry and Mr. Stewart every day. These gentlemen are responsible for everything that happens in this school, and that's a pretty awesome task.

Mr. Perry, our principal, is in charge of the *administration of school, from dealing* with staff problems to providing the best educational programs possible for the students at FCHS.

Mr. Stewart, our vice-principal, is more personally in contact with students themselves. In addition, to his duties of aiding Mr. Perry and dealing with disciplinary problems, he is actively involved with extra-curricular activities, ranging from FCA to Booster Club, to attending all athletic and social events.

The contributions of these two men to our school in the terms of time and knowledge are invaluable, and we are fortunate to have administrative heads so in tune with the students' feelings, frustrations, and problems as these men are. So next time they ask you, "late for class?" just remember they *are only doing their job, and wouldn't be* asking you if they didn't care.

Counselors

One of the most vital parts of Fort Campbell High is the counseling department. Throughout our high school careers, the counselors prove to be invaluable as a source of information on necessary classes, career preparation and opportunities, colleges, part-time and summer jobs, and much more.

Our two counselors, Mrs. Allensworth and Mr. Lane, share the counseling responsibilities at Fort Campbell High School. Mr. Lane, who is responsible for our Community Learning Program, has been counseling here for three years. Prior to that he was band director for ten years. Mrs. Allensworth, who does an outstanding job of obtaining information on colleges for seniors, as well as her many other duties which include sponsoring the National Honor Society, has been at Fort Campbell High School for five years.

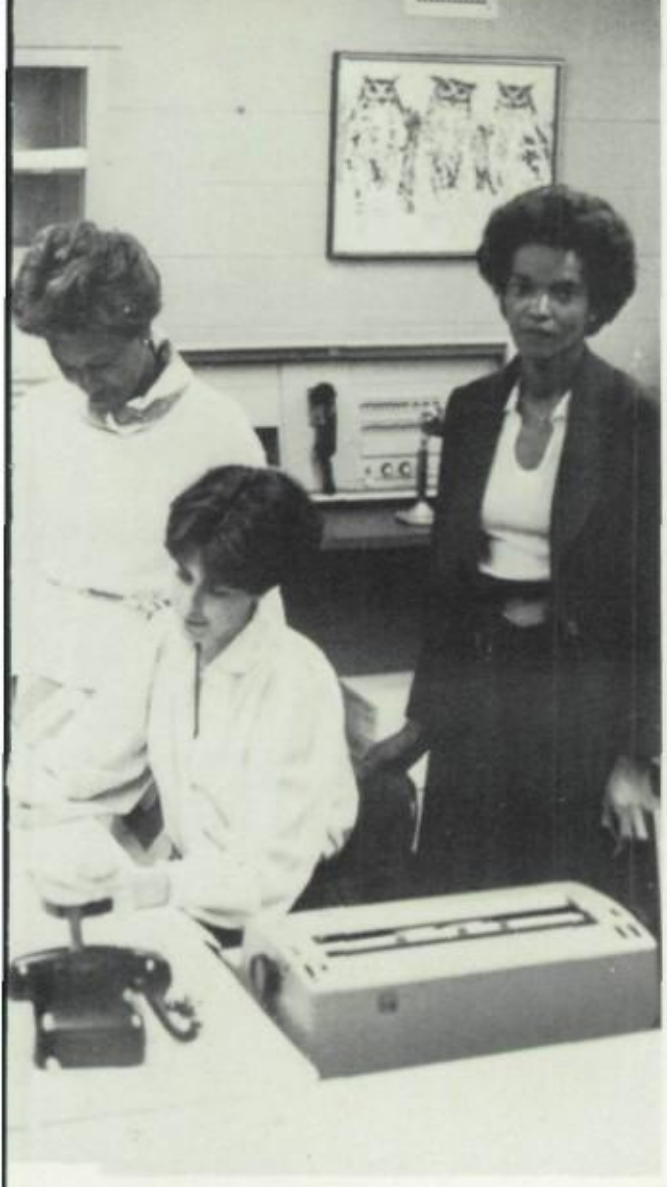
Where does it itch, Dear?



OFFICE STAFF

Our office staff at FCHS are really much more than just "secretaries" and "teacher's aids." They are responsible for keeping the office functioning smoothly. Without Mrs. Chase, Mrs. Moody, and Mrs. Bremby what could possibly get done in this school? There would be no announcements, no one to write excuse slips (good or bad), no one to duplicate papers, no one to keep the books, and no one to order school supplies. Try to imagine FCHS without our wonderful ladies in the office. Of course, it wouldn't be possible.

Food Service Workers

Imagine preparing 150 pounds of hamburger, 8000 french fries, 5 gallons of salad and 42 dozen cookies for a single meal! On the average, our cafeteria staff prepares 3150 rolls, 4500 hot dogs and 2700 hamburgers in just one month. The cafeteria staff prepares and serves 400 students their lunch every school day. What a task!! This year the workers are Mary Wyatt, manager; Nancy Carter, cashier; Marian Pratt, Hazel Strebs, and Wanda Thompson.

SCHOOL KEEPERS

There's a saying, "A mother's work is never done" and the same seems to be true for the people who try to keep our school spotless. The job is never-ending five days a week, 4 weeks a month, 9 months a year, sweeping the same floors, cleaning the same rooms, and dusting the same table tops. If it sounds like a tedious job, it certainly is; but has anyone ever heard just one of the three complain? No! It takes a special group of people to pick up after 430 students every day, and the students at FCHS are quite lucky to have these dedicated people to do so. If it weren't for them, who would keep FCHS the cleanest school in Kentucky?

FAREWELL MRS. WATKINS

Next year, a very familiar and respected face will be missing from the halls of FCHS, as Mrs. Mary Watkins is retiring after this school year. For the purpose of preserving the memory of this dedicated woman's service to this school, we devote this page to her.

Mrs. Watkins, who is the eldest of three sisters, was forced to quit school due to the death of their mother in order to work at various jobs to assist with the support of her two younger sisters.

She later married C. T. Watkins and moved from her hometown of Cadiz, Kentucky to Rocky Ridge, a small community north of Cadiz. Mrs. Watkins became the mother of five children — three boys and two girls. She now has three grandchildren — one grandson and two granddaughters.

Being a devoted mother, Mrs. Watkins did not begin working outside her home until her youngest son was in middle school. One of her first jobs was as a day worker at Fort Campbell. Later her employment was with the Fort Campbell school system, which she has been associated with for 20 years. Mrs. Watkins is an exceptionally warm and understanding person, and is loved by all those who know her. She is a devoted Christian and loyal church worker.

In her retirement, Mrs. Watkins is looking forward to becoming more regularly involved in church activities, and doing more gardening, canning, and fishing. She may also apply for a part-time job with the Trigg County School System.

Student Council

Members: T. Shanks, N. Edwards, C. Vassar, T. Yoneyama, C. Wilson, J. Barber, R. Rodriguez, W. Chambers, A. Wilson, L. Bates, K. Bright, C. Elliott, S. Hanson, J. Shriner, L. White, R. Reedy, J. Santiago, M. Gildersleeve, J. Bagnal, R. Santiago, J. Bradford, S. Julien, B. Pierce

Officers: President — Rick Dahl, Vice President — Jeff Bradford, Secretary — Sue Hanson, Treasurer — Ron Rodriguez, Parliamentarian — Jan Shriner, Sgt.-at-Arms — Carl Elliott

The Student Council at Fort Campbell has a great deal of responsibility throughout the year. One of their major concerns is the organization of Homecoming in the fall. However, this year they had the unique challenge of submitting ideas for the new high school. Their recommendations ranged from more colors on the walls to a large commons area for socializing.

The annual Sadie Hawkins Day dance is sponsored by the Student Council also.

Dr. Walker met with the Student Council to obtain ideas for the new high school.

The Student Council sponsors a food drive annually for the needy.

Mr. Stewart has been a sponsor of the Student Council for the past five years.

National Honor Society

One of the highest academic honors at Fort Campbell is to be inducted into the National Honor Society. NHS is an organization designed to recognize and encourage students who are superior academic achievers. The Honor society is based upon four principles: service, leadership, character, and scholarship. In order for a student to be inducted, they must possess the four qualities. Fort Campbell High School's NHS was fifty-nine members strong, composed of twenty-seven seniors, eleven juniors, and twenty-one sophomores. In addition to possessing each of the four qualities, these students were required to have a grade point average of 3.2 for Seniors, 3.3 for Juniors, and 3.4 for Sophomores. This year, once again, Mrs. Martha Allensworth was the NHS sponsor. This was her year as the advisor to the National Honor Society.

Key Club

Officers: Jeff Bradford, Billy Goforth, Rick Dahl, Kelly Brehm, Roland Zirkle, Jana Barber, Jan Shriner, Diana Bolt, Cliff Darnell

Pursue Tomorrow's Potential

The Key Club is the largest organization at Fort Campbell High School, and rightly so, for its sole purpose is in serving the school and the community. Key Club is a youth project of the Kiwanis, and is a program which is unique among youth groups. While Kiwanis concentrates on providing services to underprivileged children, the emphasis of Key Club is to provide an opportunity through which the leaders of all high school age groups are given a chance to develop their initiative and leadership ability by taking a program of service in the high school and the community, similar to that carried on by the Kiwanis Club. Key Clubbers learn of their prospective adult roles in life and the meaning of serviceable, aggressive citizenship which is necessary for the maintenance of a democratic way of life. The Fort Campbell High School Key Club is the largest in the Kentucky-Tennessee District, boasting some 86 members. In order to become a member of the Key Club, a student must have a 2.5 grade point average, and show an exceptional interest in belonging to the Key Club. This is the second year Mr. Cox has sponsored the Key Club. His interest stems back to his high school years when he belonged to the Hopkinsville High School in grades eleven and twelve, and was the president his senior year. He was also involved in Circle K, the college affiliate of Key Club, at the University of Kentucky and was president his sophomore year.

Fellowship of Christian Athletes

The Fellowship of Christian Athletes involves high school students in activities and moments of fellowship which help them grow together as well as individually.

The FCA is an organization where young people can come together, share together, play and laugh together, sing to their heart's content; and most of all, find contentment with life.

The FCA at Fort Campbell High was founded three years ago by Chaplain Dan McCall and Mr. Stewart. It is open to all persons whether they are athletes or not, and regardless of sex.

A youth choir from a local church joined our FCA in entertaining parents and friends.

Future Secretaries Association is a group consisting of 12 young ladies, who have an interest in the secretarial or business field. Monthly meetings with guest speakers show various ways of succeeding in obtaining and in making the most of a job, not necessarily that of a secretary.

The Ft. Campbell FSA Chapter is sponsored by the Hopkinsville Chapter of the Professional Secretaries International, whose members help plan and organize entertaining and informative meetings.

FSA CODE OF ETHICS

Recognizing the increasing responsibility of the secretary of the future, we resolve to obtain a better understanding of the potentials of a secretarial career;

We resolve to acquire knowledge of the business world, and to meet with courage and faith the many challenges we will encounter;

To develop desirable work habits and attitudes, and to maintain the highest character and integrity under all circumstances.

To assist our fellow members in all ways possible, that we might derive the maximum benefits of membership in the Future Secretaries Association;

To keep our lives clean and wholesome; and to remember that the eternal laws of God are the only ones under which we can truly succeed.

We Don't Ask for Experience . . .

JROTC

The Junior Reserved Officers Training Corps was made up of some of the high school's most respected and well-disciplined students. In the classroom, they worked on map reading, weaponry, and other army related skills. They also learned self-control and responsibility which helped to increase their leadership ability. These students displayed their abilities every month at a Battalion formation where they were inspected. JROTC had many activities throughout the year. The Military Ball, which was held in the last week of January, was one of their biggest affairs. These preparatory service people displayed their honors during the ball. JROTC also held a hayride and a bike-a-thon.

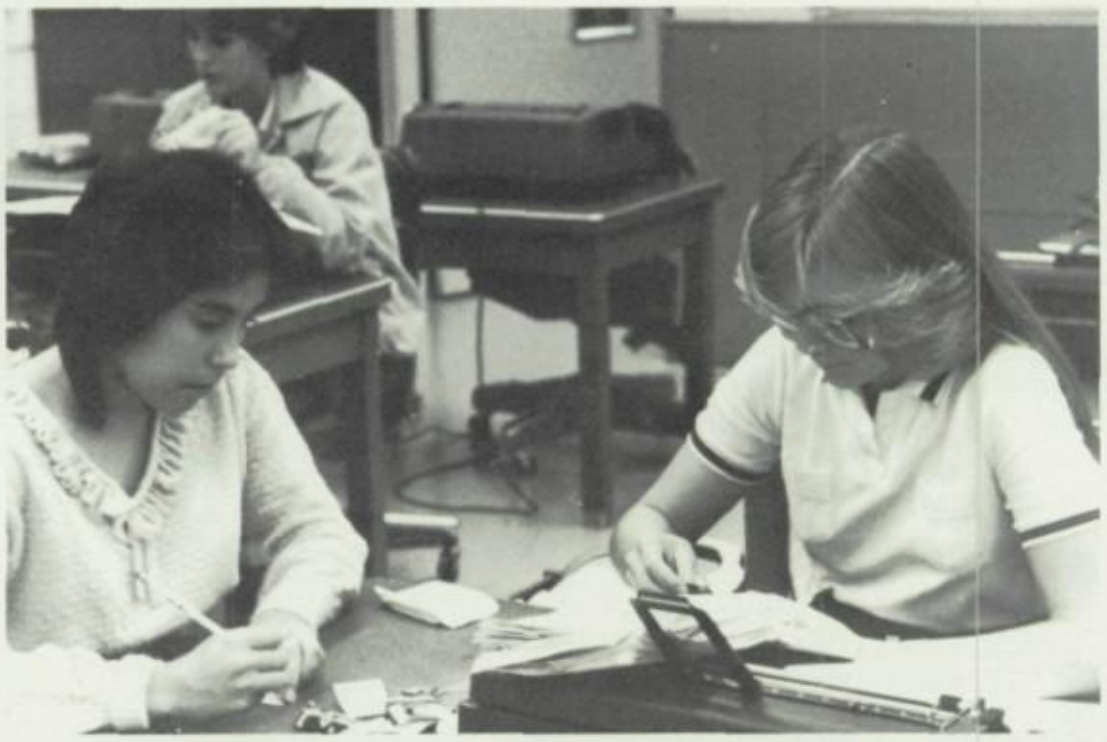
Yearbook Staff

The Memory Makers

What is a yearbook? It should be a record of important or significant dates and events. These should accurately be accounted for so as to be used as a historical source. It should be logically organized for easy reference. A good yearbook can be an effective public relations agent, reflecting the school it represents and those who produce it. For those responsible for compiling the yearbook, it can be an educational experience. A yearbook requires a lot of thought and hard work. One must consider layout design, copy writing and fittings as well as selling and distributing the book.

A yearbook is not just a book that can be found on the shelves of the library or bookstore. There is no book that is as special or as personal as a yearbook. A yearbook reflects the school that it comes from, unique and meaningful to those associated with it. The Publications Staff has worked countless hours in order to publish the yearbook. After the final deadline was met, the Publications Staff went to work again in order to publish a newspaper. This is what memory making is all about.



THE BEAT GOES ON . . .

There is much more involved in the Ft. Campbell High School Marching Band than meets the eye. Many hours of hard work were required in order to put on a half-time show. In a sense the band was made up of four different components — the directors, the field commanders, the band, and the flag girls.

The first division of a good band is the directors, Mr. Dickson and his assistant Mr. Hofe. This was Mr. Dickson's second year as the band director. His aid, Mr. Hofe, was the junior high band director and came to the high school to help out.

The second component of the band, the field commanders, also were important. This year the field commanders were Robert Rodriquez and his assistant Kim Coleman. Robert's duties involved the half-time show, while Kim's were to assist Robert and the pregame show. These two were not only talented as commanders, but also as musicians.

In addition to performing at football games, the band participated in two competitions this year; the Clarksville-Montgomery Christmas parade, in which they placed first in the out-of-town bands, and the Hopkinsville-Christian County Christmas parade, in which they placed second in the class AA competition.

Second row — Ken Esqulin, Van Tanksley, Bobby Curry, Angie Landreth, Louise Thomas, Kammye Jenkins, Cathy Hogan — Vice President, Kevin Estes. Third row — Todd Hancock, Duane Gallaher, Kenny Acevedo, Denis Collins, John Oliver, Bobby Powell, Jim Hill, Jack Jones, Gloria Hern, Valerie Hines, Dominic Kusumoto. The flag girls, under the direction of Mr. Dickson, were a group of sixteen girls who added color and creativity to the band. The captain of the 1981 flag girls was Sabrina Cox. She did much of the work, which required designing their routines.

Mr. Dickson feels the band did an outstanding job of representing the high school during half time and competitions. All in all, this proved to be an excellent year for the marching Falcons.

Jim Hill, Robert Rodriguez, Cathy Hogan, Pascal Priest, 2nd row: Richard Florez, Bobby Powell, Duane Galloher, John Oliver, Pierre Smith, Todd Hancock, Dan Johnson.

PRIDE . . .

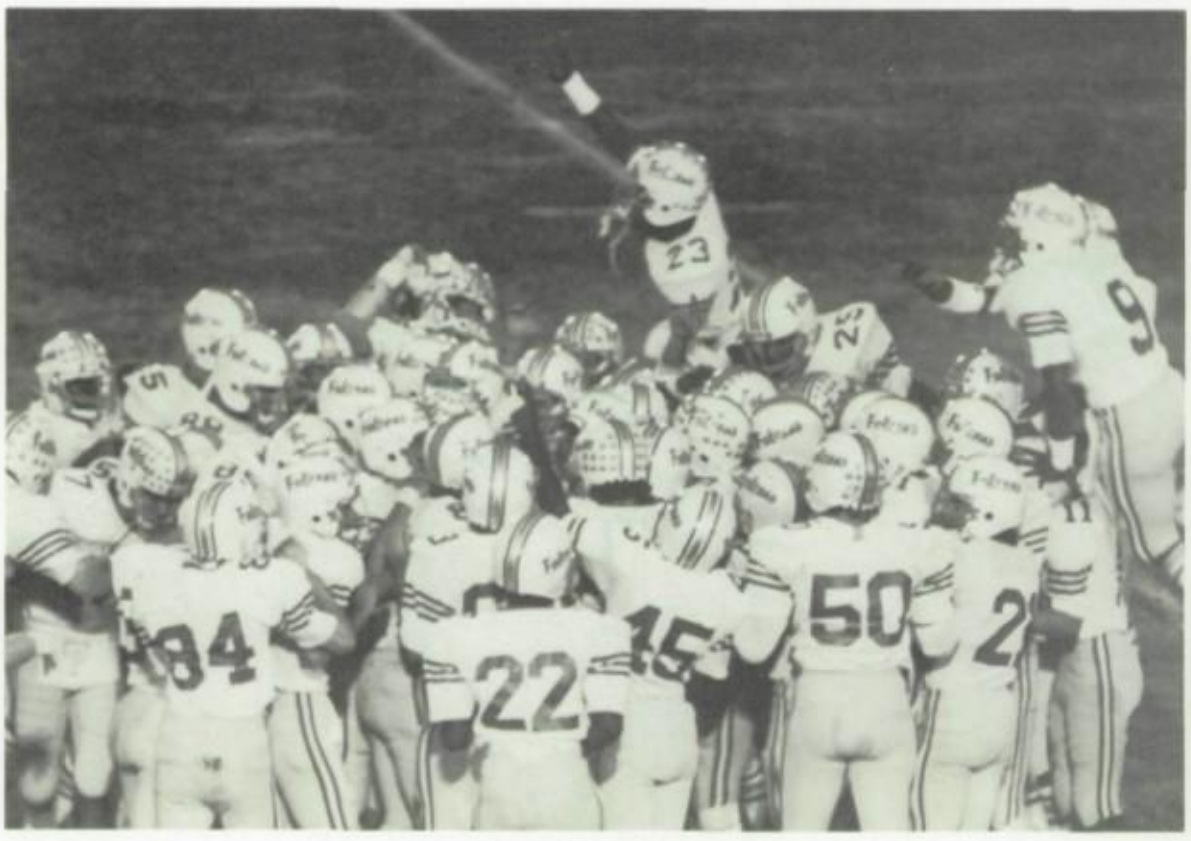
Fort Campbell grabbed the taste of victory ten times in the 1981 football season; only once did they agonize over defeat. Throughout the season they came to blows with a diversity of teams; Franklin-Simpson, Fort Knox and Henry County proved to be some of their tougher opponents. Nevertheless, the big blue machine held its ground for only a total of eight touchdowns were scored against the defense. Our superb offense demolished opponents all through the year. Scores that ran into the 40's were commonly seen on Ft. Campbell's scoreboard.

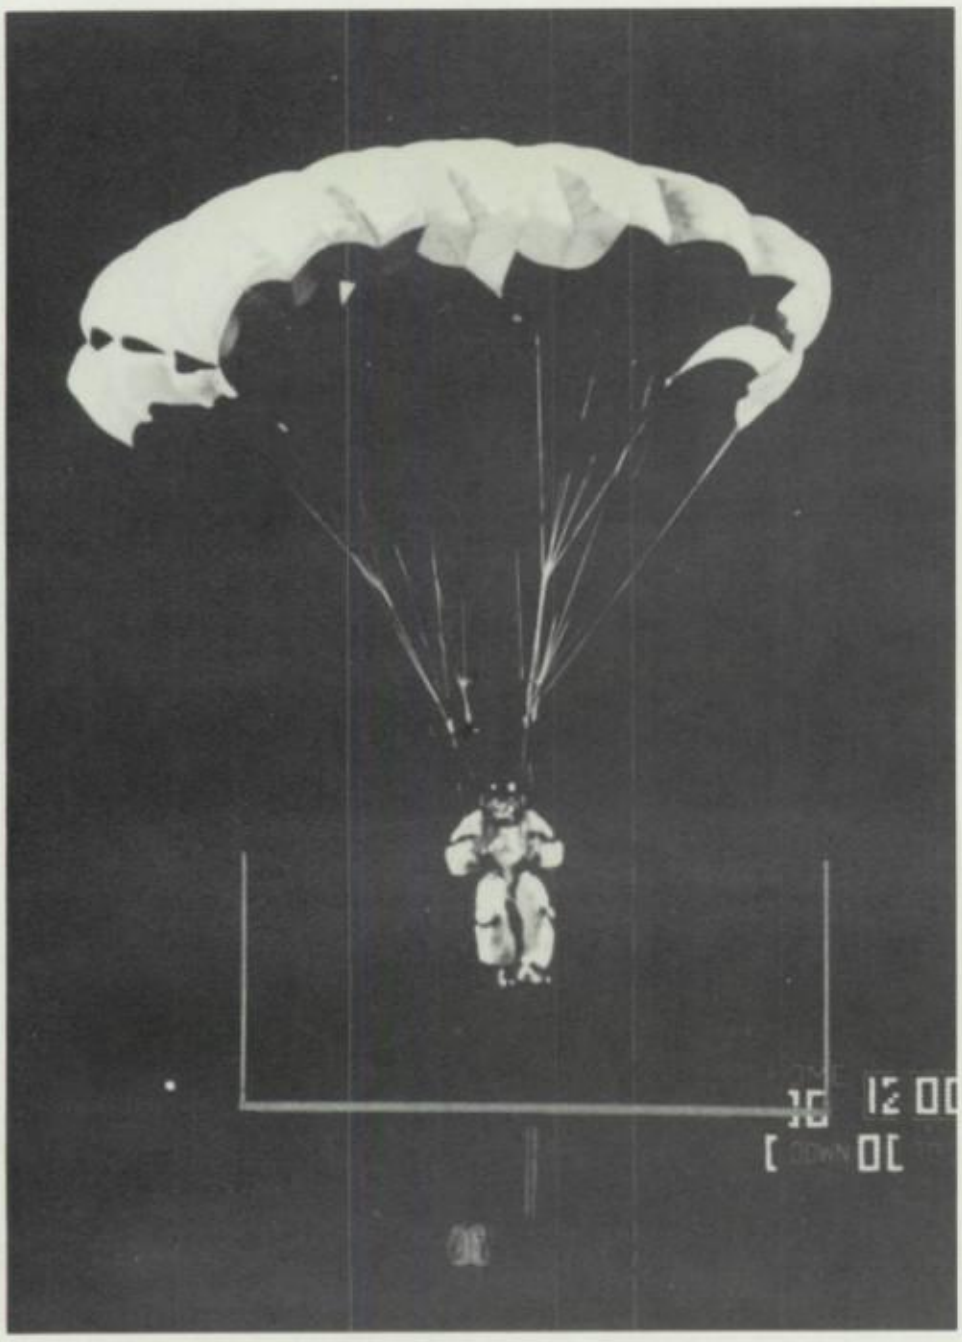
Leading this fantastic team were Head Coach Marshall Patterson, Defensive Line Coach Houston Mills, Offensive Backfield Coach Ronnie Bell and Defensive Secondary Coach Rocky Cobb. Working together for eleven years, their experience with Falcon football has made them one of the greatest coaching staffs in the state.

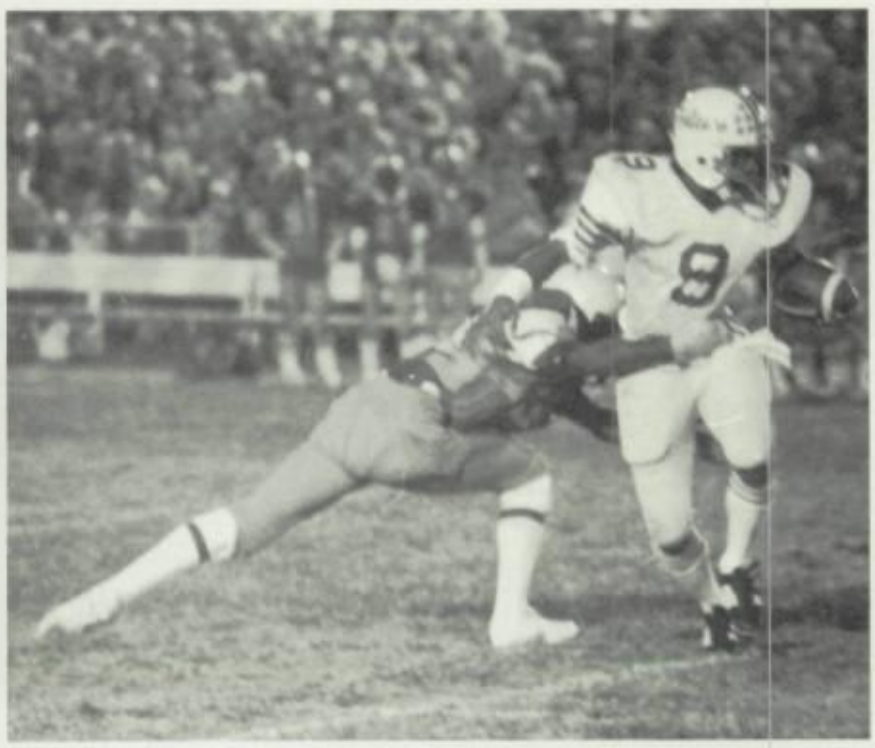
The captains for the 1981 season were Troy Skelton and Ed Barton. The honors for the "most outstanding" were as follows: Offensive Back — Darrell Wallace, Offensive Lineman — Troy Skelton, Defensive Lineman — Mike Lindsey, Defensive Back — Ed Barton, and the most outstanding player was Kevin Extine.

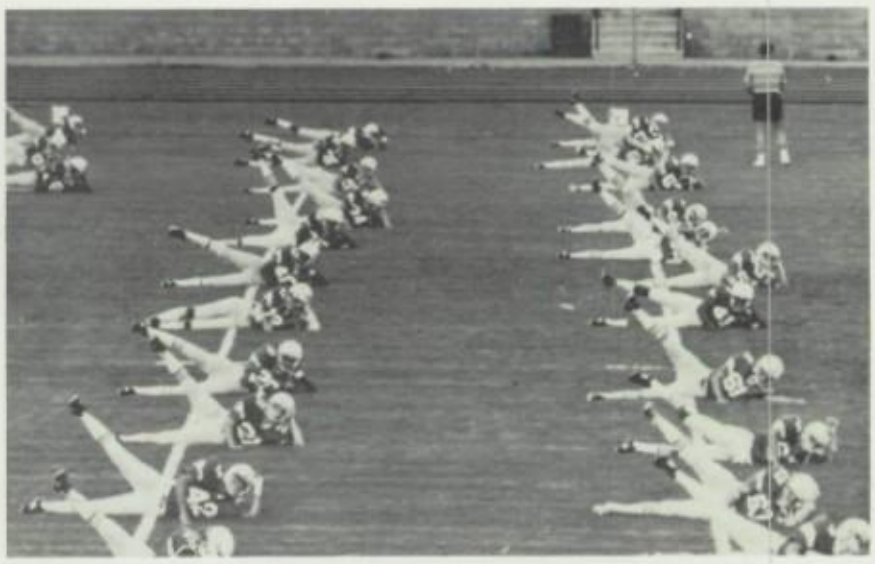
If you ever glanced down on the sidelines and saw four young ladies busy at work you were watching several very dedicated and hard working people. Repairing helmets, running footballs, and carrying loads of equipment were just a few of their responsibilities. Meeting the medical needs of the team, John Cope does an outstanding job as a trainer. The thought of the Falcons without their managers is practically unimaginable. Phyllis Squire, Lisa Tureck, Kris Couch, and Renee Kirkpatrick were the 1981 managers.

IS WHAT IT'S ALL ABOUT

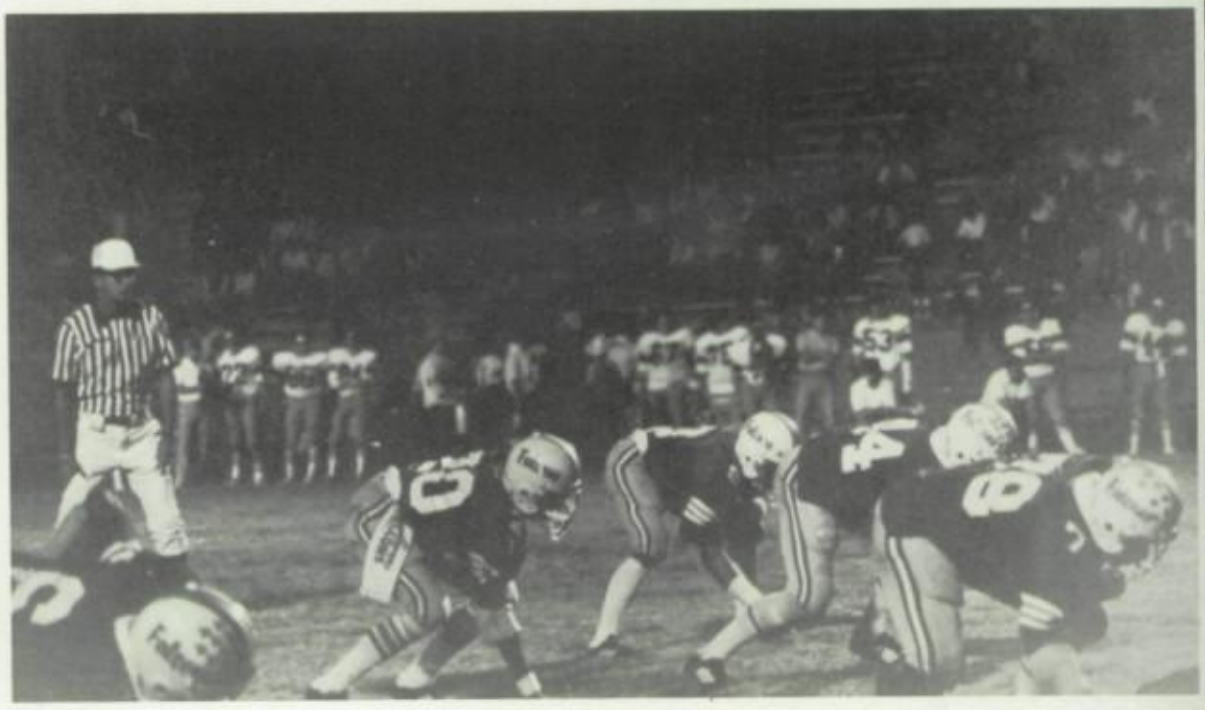








STATE CHAMPS



We're Proud

Five-six-seven-eight step-ball change, prep, kick. These familiar sounds were heard emanating from the FCHS gym, as the 1981 football cheerleaders rehearsed their cheers, chants, and their pom-pon routines. The girls spent much time practicing until their routines reached perfection. This year's squad seemed to get right to work after the spring tryouts. A prosperous and active summer made for a good school year. The girls held many fundraisers such as car washes, dances, and the sale of the "Terrible Towels" to add to their income. The girls went to Western Kentucky University from July 27-30 for cheerleading camp. There they improved their skills and enhanced their knowledge of what cheering is all about. The squad won the spirit stick, four superior ribbons, and three excellent ribbons. It was a fantastic year and each member can take credit for that. Spirit and enthusiasm were a large part, but you also have to have talent, possess stamina, and have the ability to grin and bear it to be part of the Falcon Cheerleading Squad.

THE FEW
THE PROUD
Cross-Country

The four girls pictured below — Debra McLemore, Leslie Wooten, Inga Armour, and Kitty Davidson — represented the Lady Falcons as individual runners at the State meet. The girls' team suffered a loss at the region causing them to go to State as an incomplete team. At the state meet in Lexington, Kentucky, these girls did a fantastic job and showed the efforts of true champions.

The Men's Cross-Country squad captured another State Championship this year making it two in a row. Although their regular season record didn't have the appearance of a state team, when it was time for the regions and state, they showed how a real Falcon should run. Both the male and female squads were an exceptional group of runners who had determination, dedication and faith — faith that nothing could stop the Fort Campbell Cross-Country team.

Pictured on the left are Yiyo Santiago, Roland Zirkle, Mike McGuiness, Jim Araya, Chris Ramsey, Greg Patton, Darrell Smith, and Ron Rodriguez, the eight men that ran at Lexington.

The Pack Is Back and Running Strong

The Fort Campbell Mens' Cross-Country Squad gave us another great performance this year, going all the way to State. These men have trained hard all summer and fall, and have become a tightly knit group, running as a group and winning as a group. They have shown their "Falcon Pride" to their opponents by being the very best.

The hubcap, a good luck charm that the Fort Campbell men bring to each meet has brought them through another great season. This hubcap was found by Coach Lange at practice in 1979. It was given to the "Puerto Rican," Yiyo Santiago as a good luck charm. The "hub" has been used ever since then for a little extra incentive.

STRIDING TO VICTORY

(Row 1) Debra McLemore, Inga Armour, Tracy Thompson, Sue Hanson, Gail Daniels, Roberta Becerra, Charmaine Vassar.
(Row 2) Margaret Armour, Leslie Wooten, Kitty Davidson, Sandy Squire, Sheila Becerra. Cynthia Santa.

The Girls' Cross-Country Team started this year with a young and inexperienced squad consisting of only four returning runners. However, the girls proved to be as strong if not stronger than last year's state championship squad, winning fourteen out of fifteen dual meets and placing first in their five invitationals.

The squad began practicing in early August, starting at 8:30 in the morning, and continuing throughout the summer. The distances of their practices built up from two miles the first day to an average of five to seven miles per day.

Kitty Davidson is probably one of the most outstanding athletes to ever compete for a Fort Campbell High School athletic team. Although she appears ordinary enough in the classroom, as a slim, attractive blond-haired junior, take her out of the classroom and onto the course, *and she turns into something* extra-ordinary!! In just one season Kitty has run her way to twelve course records — quite an amazing feat — especially considering the fact that this is only her second year of running Cross-Country.

Basketball!!!

F is for . . . Falcons

Basketball, oh what a sport.
You race up and down,
all over the court.
It's not supposed to be rough,
like Football or Hockey,
but when you get stuffed,
you look like a jockey.
You bounce the poor ball,
up and down, up and down.
If you make a basket,
you run all around.

The game's almost over,
and up goes a shot.
Should I go for the rebound?
Oh heck, why not?
You jump in the air,
jump as high as you can.
You come down with the ball,
and look for your man.
There are three seconds left,
three seconds is all,
so you decide to shoot the ball,
The ball sails straight.
The ball sails true.
The buzzer goes off,
and the fans mob you.

Pride is what

Cheerleaders Are!!

Cheerleaders must have leadership
As everyone should know
For they'll be helping to represent
our school everywhere they go.

They must be able to lead on a crowd
Pick them up when their spirits are down
Yet when our team is far ahead
Keeping them yelling and jumping around

Loudness is an important point
For what is a great cheer
If the audience or the basketball team can barely even hear?

They must have basketball knowledge
So they won't disrupt us all
by yelling basket instead of rebound
And defense when we have the ball

School spirit is important along with personality
They must get along with others
No matter how hard it sometimes seems
But in order to be successful
They must work as a team.

Patience is most important
For often they will find
Themselves repeating the same cheer
At least a hundred times
And just when they think they've got it
And finally they can go
Hold it cries somebody
Cathy didn't point her toe

Fort Campbell cheerleaders are special
They're better than the rest
Since the Fort Campbell motto is
"To Be Better Than The Best."

Matmaids Are!!

There is a lot that a Matmaid has to withstand. Before each meet the Matmaids design and make 65 locker decorations, which they hang up the day before each meet.

Being a Matmaid means sacrificing many things. Matches usually take up most of your week and week-end. Every Tuesday and Thursday there are matches which usually don't end until 11:00-11:30. Tournaments are on Saturdays and last anywhere from 9:00am-11:00pm. They consist of 8-12 teams that wrestle each other throughout the day. Before each tournament that is here at home, many things need to be prepared. Brackets, which keep track of matches won and matches lost need to be cut out and prepared. The coaches' hospitality room needs to be decorated, and each Matmaid is to bring some bakegoods for coaches. Posters need to be made and hung up. Many times before a match Matmaids are needed to make hot dogs and prepare popcorn for the concession stand.

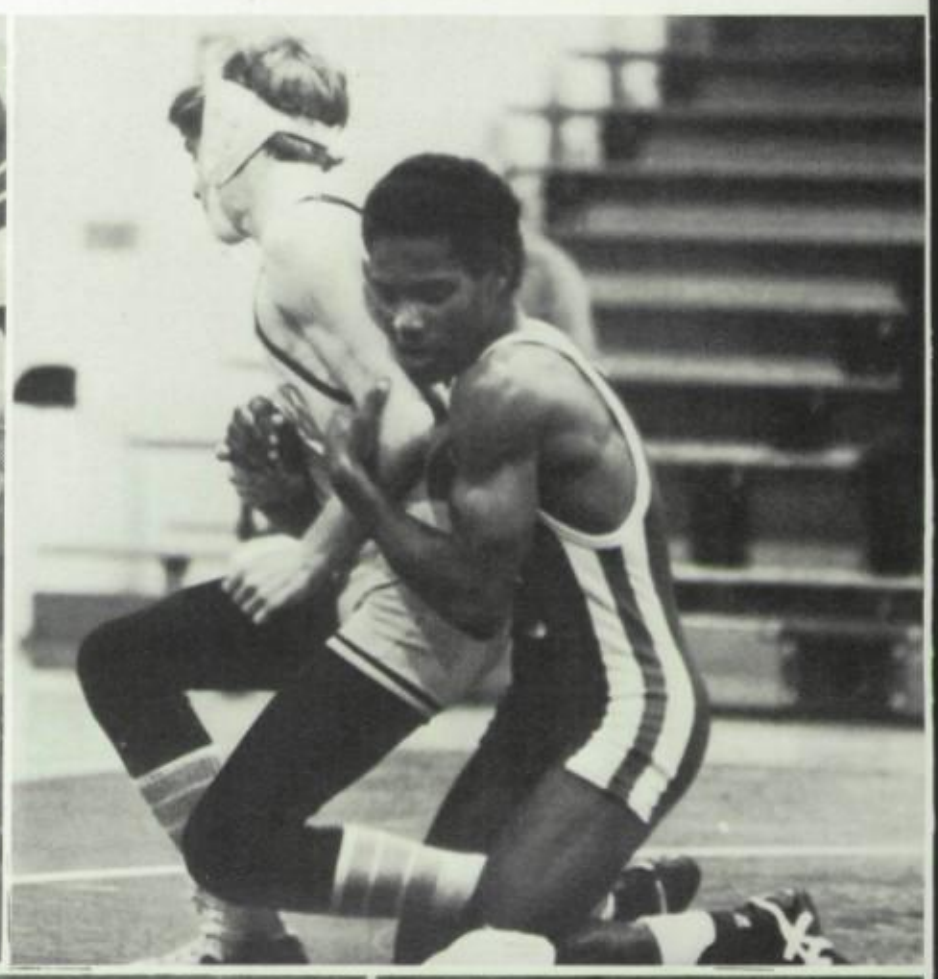
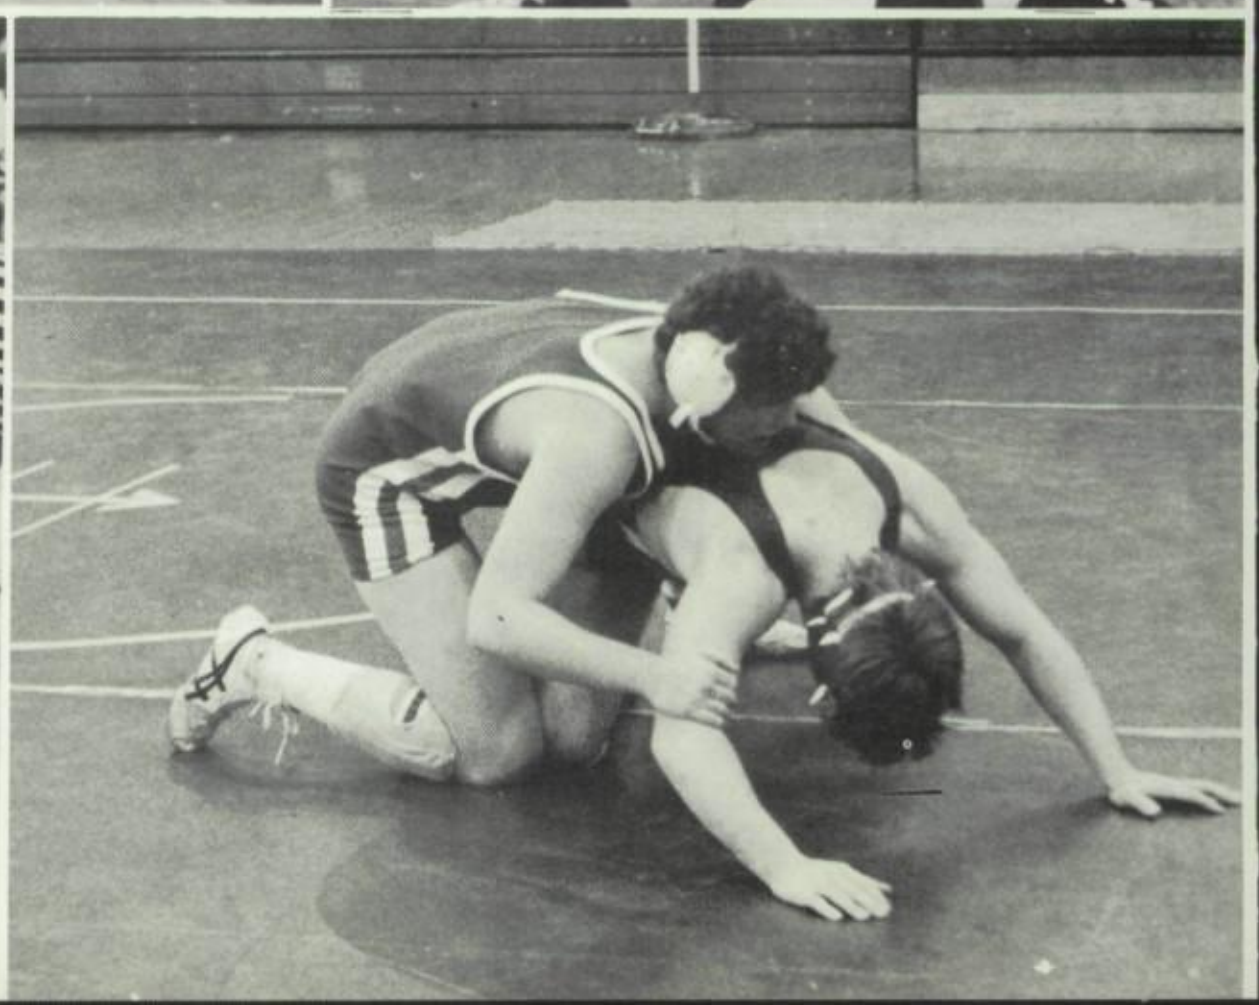
WRESTLERS MEET SUCCESS





Fort Campbell High School, long known for its dominance in football, is emerging with yet another stronghold on the athletic scene, WRESTLING. The Falcon Wrestlers went undefeated during the 1981-82 season, posting a 17-0 season record and a 7-0 district record. Under the direction of head coach Kent Parrent, his second year as the wrestling coach at FCHS, and his assistant Rick Larson, a senior from Austin Peay, the Falcons continued their winning season by soundly defeating all opponents in the District Tournament and sent all but one of their varsity wrestlers on to the Regional Tournament (the one wrestler being Ray Santiago, who was injured) at Union County. In addition to their dual match record, the Falcons posted an outstanding tournament record. They won first place in the Webster County Invitational and their own Blue-Grey Tournament, and placed third in the Christian County Tournament and the Cape Girardeau Missouri Tournament.

The Fort Campbell Wrestlers earned a ticket to the Regional Wrestling Tournament by taking first place in the District Tournament. The wrestling team then went on to take first place in the Regional Tournament. This gave them the right to move on to state competition. The team finished seventh in the state tournament.

This Is What Spring Is All About . . .

FCHS came away in 1981 with a most successful group of spring sports teams.

The girls track team once again won the Kentucky State Track and Field Championships, soundly trouncing their closest opponent, Madison, by 12 points as they ran, jumped, and hurdled their way to 44 points. The girls broke six school records and placed in 10 events. School records were broken by Carla Tademy (330 and 100 meter hurdles) Cathy Hogan (400 meter dash), by the mile relay team Cathy Hogan, Kitty Davidson, Debra McLemore and Charmaine Vassar, 800 meter Medley Relay team of Rosalind Norvell, Angie Hutton, Charmaine Vassar, and Debra McLemore and last but not least by the 400 meter relay team of Rosalind Norvell, Angie Hutton, Carla Tademy and Cindy Bynes. Other members who placed were Charmaine Vassar in the 100 meter hurdles, Debra McLemore (100 and 400 meter dash) Kitty Davidson (1600 meter run) and Cathy Hogan (800 meter run).

The boys track team also had a very successful season. Going into the State Championship, they were projected to take home the fifth place slot, but surprised everyone, by finishing in third place. The boys broke one of several records with the 1600 meter relay team consisting of Eric Peoples, Peter Salter, Yiyo Santiago, and Rorary Norvell.

The baseball team also had a very successful season, finishing with a 9-4 regular season record. Though they were eliminated in the district tournament by Christian county, it was one of FCHS' most successful seasons. Led by captains Kevin Extine and Brian Cundiff, the team beat Clarksville High for the first time in the history of FCHS. Kevin Extine was chosen most valuable player and Jeff Bradford won the Big Stick Award for player with the highest Batting average.

Last but not least the Golf team which receives little glory is one of the most outstanding teams at FCHS. The golf team finished its season with a 29-1 record, losing only to Clarksville High. Led by Doug Curtiss they placed fifth in the Western Kentucky Conference Invitational, second in the Clarksville Area Tournament, and had a bad day at the Regional Tournament where they came in 13th.

TOP TEN

One of the few truly academic honors to be achieved by a student at Fort Campbell High School is to earn a place among the Top Ten Seniors. This ranking is based solely on the student's grade point average throughout his four years in high school. Involvement in athletics, student government, school clubs, or any other extra-curricular activities never enter the picture in determining this ranking. These extra-curricular involvements are related in each student's section to impress the fact that these students are not only superior students, but they also manage to budget their time in order to participate in other activities as well. It is indeed quite an achievement to be included in this section.

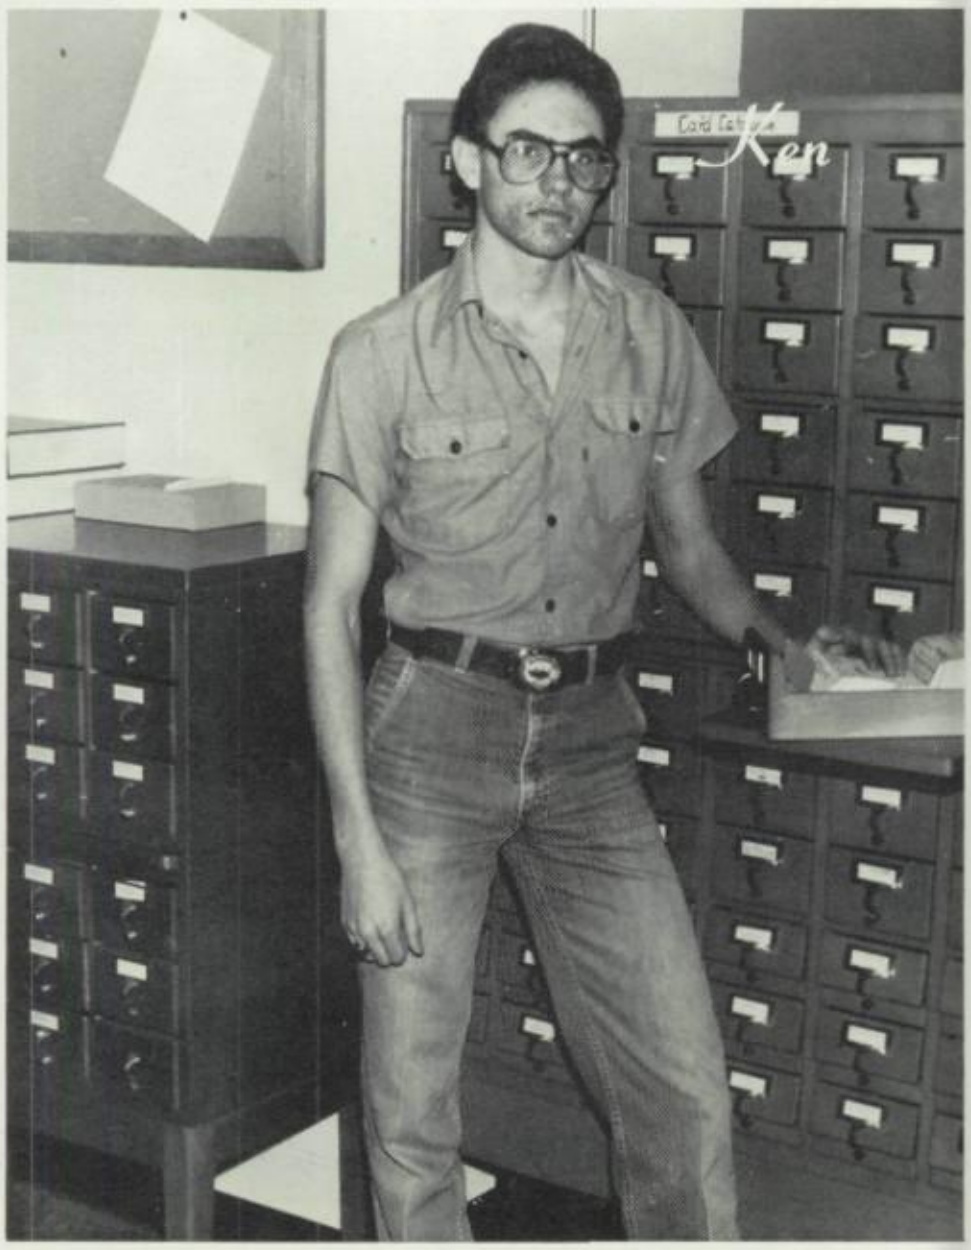
Valedictorian

Leading off the Top-Ten Seniors this year, and most deservedly so, is Lisa Turecek. Teased by some of her friends as having a "computer brain," Lisa has maintained a 3.97 grade point average through her high school career — but don't be fooled into thinking of Lisa as the "bookwormish" type. In addition to her academics, Lisa finds time to be involved in many extra-curricular activities including track, managing football, and various school clubs. Lisa herself says that she likes doing "non-serious" things. She's fun-loving, enjoys socializing, being with friends; and every now and then, she's known for being rather mischievous. An example of this was when she was asked what college she planned to attend, she quite seriously replied, "I hope to attend Joe's School of Bartending; but if Joe won't accept me, I'll settle for Notre Dame!" To date, Lisa has already been awarded both an Army and Air Force ROTC Scholarship, and is awaiting news as to whether she will also receive a Naval scholarship. Lisa has a bright future ahead of her in the math and science fields and hopes to combine the two for a career in engineering.

Salutatorian

A close second with his 3.946 grade point average is Robert Cote. Robert likes to describe himself as a "boring guy who tries to be funny and manages to make good grades," but anyone who knows him will tell you otherwise. Robert moved here to Ft. Campbell right before his senior year, a difficult transition for anyone, but he has managed to continue to do quite well. In addition to school and his involvement with National Honor Society and Key Club, Robert also works at Teague's Food City 25-30 hours a week. His future plans include attending Oklahoma University to study Biomedical Engineering and Nuclear Physics.

Lisa Sloan is the third member of the Top-Ten this year. Underneath her very quiet facade, Lisa is a very morally upright person who feels that she is greatly influenced by the things she believes in. She is very close to her family, of which she has a younger sister and brother in this school, and she strives to be a better Christian at all times. When asked what her idea of a good time would be, Lisa's reply was reading a good book, and singing together. She loves to sing for the reason that "it makes you feel happier, and helps tremendously in lifting your spirits." Lisa's favorite academic area is math which she plans to major in at Harding University in Arkansas.



At number four this year is Ken Couch. An avid sports enthusiast, Ken plays on the Varsity basketball team, and feels that FCHS has helped through its wide range of advanced classes — Physics, Adv. Math, Adv. Chemistry and Adv. English. Of all of the Top-Ten Seniors, he seems to have the most optimistic view of his future life. He hopes to get a good job, make lots of money, try and stay active in sports, and enjoy life. Ken foresees that he'll probably end up going to the University of Tennessee where he intends to become an electrical engineer. Ken states that the reason he does a little better in school than some "is 'cause I put in that little extra effort — kinda like being a perfectionist."

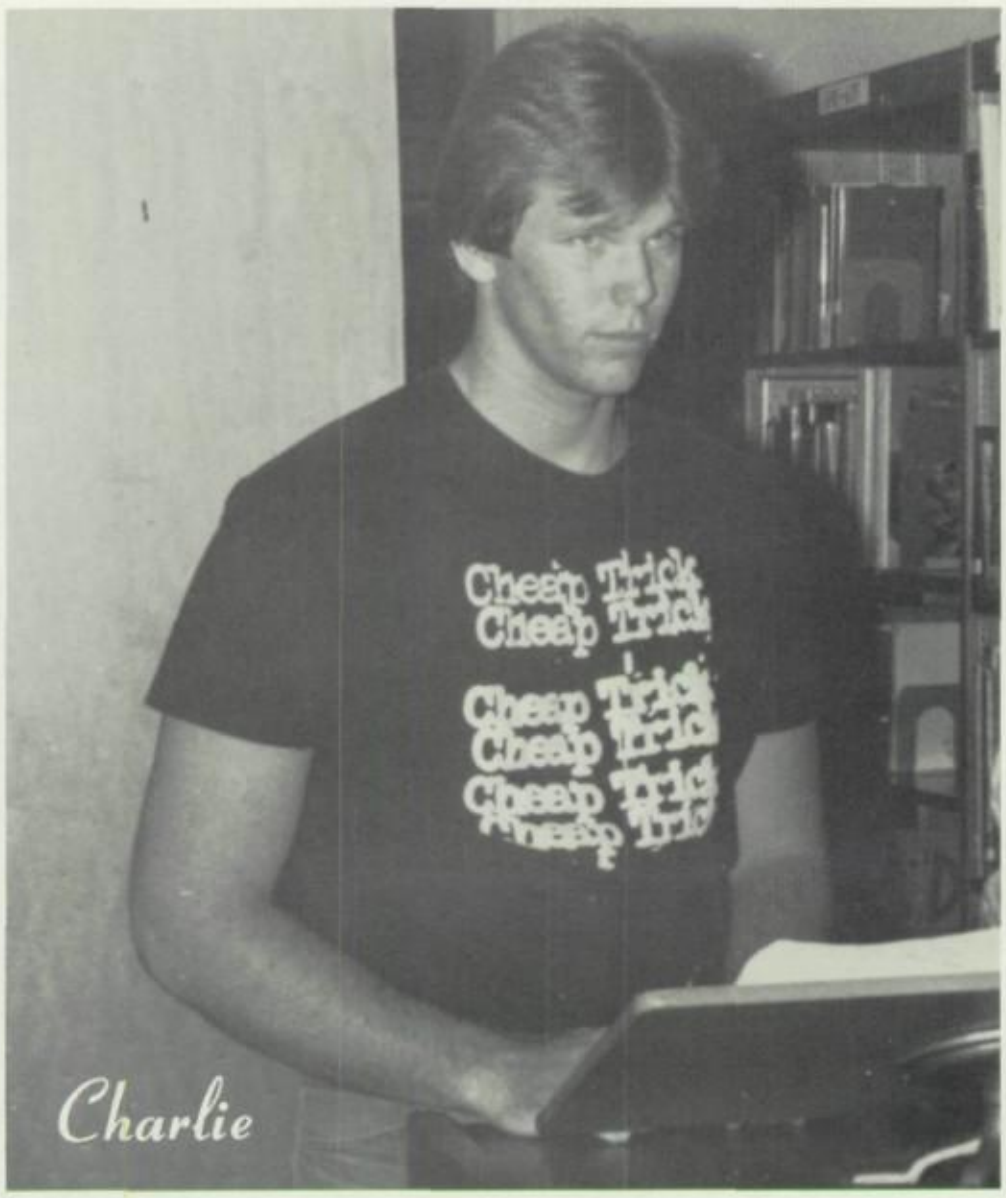
In the number six position this year is Sharon Cox. Sharon, who feels that Ft. Campbell, through its outstanding science department, has given her a good indication of how well she might do in the science fields. She plans to attend the University of Arizona and study anthropology/archaeology. Sharon then plans to continue her education in graduate school in order to become an archaeologist. Sharon is an active member of the National Honor Society, the German Club, and the tennis team. She enjoys the "great outdoors" during vacations through such activities as travelling, camping, and canoeing.

Fifth in the Top-Ten is Billy Goforth. Born in Johnson City, Tennessee Billy, as all of us have, has lived in a variety of locations, but his favorite was Heilbronn, Germany because it enabled him to visit so many different places and to meet many different people. Billy plans to attend Vanderbilt University next year on an ROTC scholarship and hopes to pursue a career in which he can help other people and attempt to improve society as a whole. He feels that Ft. Campbell has given him a good foundation on how to deal with people, which he believes is a major quality of a good worker. Billy has participated in many activities including track, cross-country, Key Club, National Honor Society, and Fellowship of Christian Athletes. He served as treasurer of both the FCA and the Senior Class and president of the Key Club. Billy enjoys attending social gatherings, being with people, and as the son of a chaplain, he enjoys attending church functions and youth groups. As anyone will tell you, Billy is an easy person to talk to, and he believes that "With the 3-D's — determination, dedication, and desire — anything can be achieved."

Sharon

Bill and Kelly

Kelly Brehm is seventh in the Top Ten this year. Kelly has been active throughout her high school years through her involvement as a football and basketball cheerleader, a member of the Fellowship of Christian Athletes, as president of both Key Club and National Honor Society, as a participant at Girls' State, and in her younger days, as a swimmer. She already has some college experience through taking classes at Austin Peay during her senior year, and plans to continue her college studies, hopefully at Bryn Mawr College in Philadelphia. She plans to continue on to Stanford Law School to prepare for a career in corporate law. Kelly feels that through her experiences at Fort Campbell, she's learned to be an individual and to stand on her own two feet. She states "If you go through life worrying about what other people think of you, then you'll never get anything accomplished."



The second member of the Top Ten to be born in Johnson City, Tennessee is Charlie Burrell who is number eight. The "witty" guy of the senior class, Charlie has lived here at Fort Campbell a total of six years and considers it to be "home." Charlie is an excellent golfer, playing on the golf team as captain his freshman and sophomore year. He plans to attend the University of Tennessee, hopefully on an ROTC scholarship and study something in either math or health-related occupations.

The tenth and final member of the Top Ten of the class of 1982 is Tina Jordan. Tina, whose favorite academic areas lie in accounting and art, has been involved in Fort Campbell High School through the Future Secretaries Association of which she was secretary. Born in Panama City, Florida, she plans to attend college next year at Gulf Coast Community College and the University of Florida. Her intentions are to become an accountant or to be involved in some other business related occupation. Tina enjoys art and doing various crafts and likes volleyball and horseback riding.

Pam Osterman, number nine, was born in Socorro, New Mexico. She has been active in various athletics including football and basketball cheerleading, softball, and volleyball. In addition to these, she is also quite talented in the areas of drawing and creative writing. Pam has enjoyed the four years she has spent at Fort Campbell. She feels it has given her an opportunity to meet many new people and expand her cultural experiences. Pam intends to spend the next four years at Murray State University working towards a major in social work or criminal justice. She has admirable intentions of devoting her future to public relations and helping others such as the handicapped or juvenile delinquent.

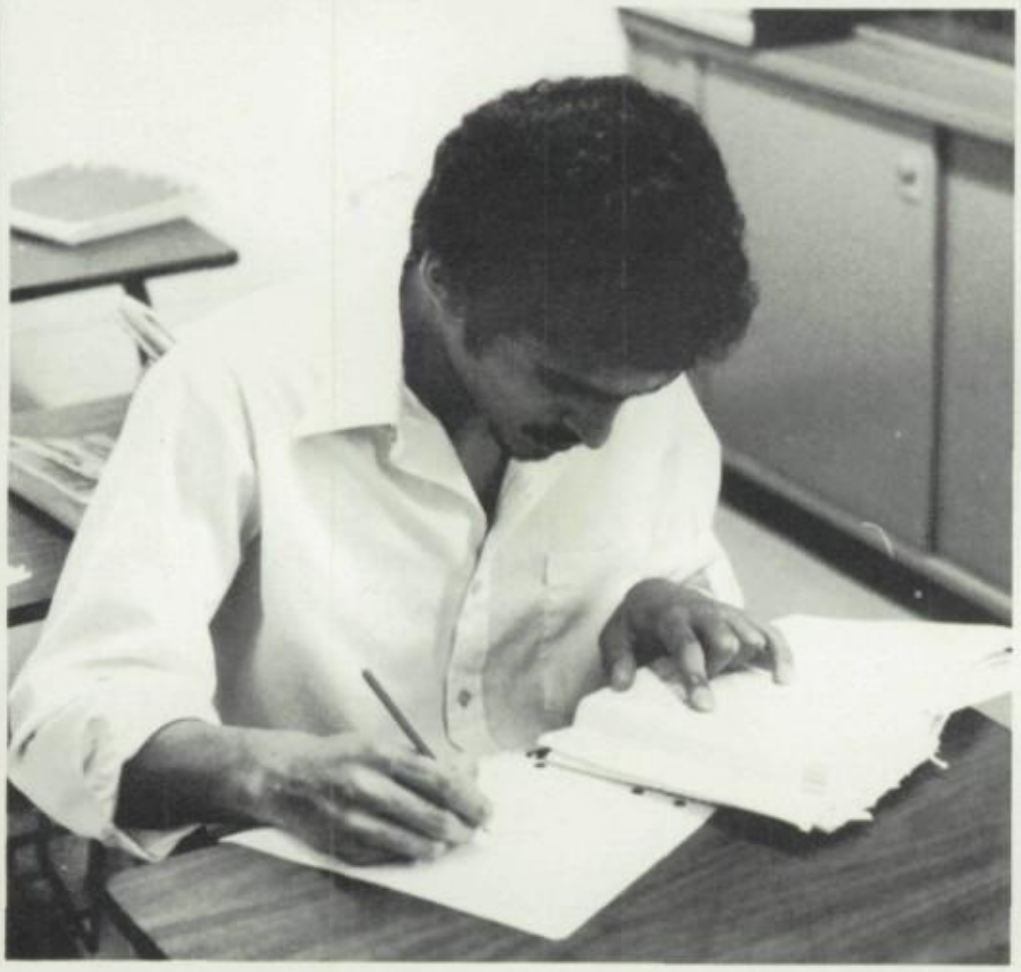
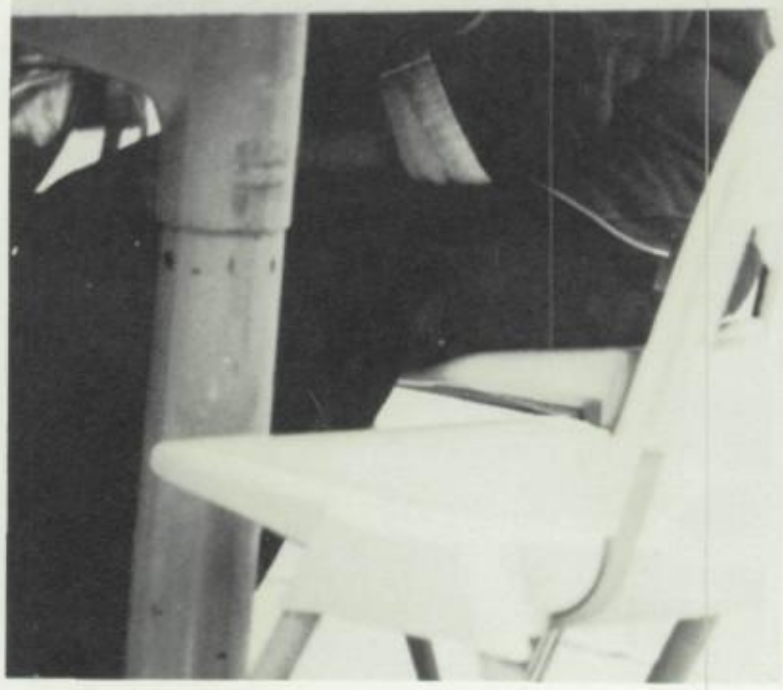
GRADUATION





Junior is the word!!!

The Junior class is made up of enjoyable, exciting, and entertaining people, who exhibit effective and explosive energy. Their talents extend from earning money for the Junior-Senior Prom to encouraging one another. Without all their *exuberant eagerness*; they would just be ordinary people.

On the way

The first few weeks of school were set aside to become accustomed to the daily routine of school life. All year round we studied for tests, which eventually produced diplomas. The high school year is a continuous cycle of life which determines our success or failure in the future.

Junior Class Officers

The Junior Class elected a great group of officers to represent them this year. They lead the class in raising funds for the prom as well as in planning it. These officers are as follows: President — Sean McGuiness, Vice President — Karen Bright, Treasurer — Brian Pierce, and Secretary — Jim Extine.

Advisors

(l-r) Bill Wright, Audrey Tademy, Leon Lange, Terry Cox, Kent Parrent, Ruth Bittle, Elinor Martin, John Jennings.

Kooks and Spooks

The Junior Class held a Halloween Carnival to raise money for the Prom. Some of the games offered were a dunking booth, bobbing for apples and much more. A haunted house and a train ride around the school also provided lots of entertainment. The juniors made $500, which made for a very successful day.

The class of '84 was not only the largest class this year but a spirited one. They showed their spirit at pep rallies by winning the spirit stick many times as a result of overpowering the other two classes of juniors and seniors with their loud cheering and enthusiasm.

Their attitude was not the usual "underclassman attitude;" instead they carried themselves in a mature fashion. For example, at pep rallies, they united as a sophomore class fighting for the spirit stick, instead of a bunch of teenagers goofing off. The class of '84 indeed is a unique group of young people and an important part of our school.

LEADING THE WAY

The sophomore class officers for the 1981-1982 school year were: Carol Dodson, Jim Dibble, Randy Riedy, and Yvette Allen. These few select students worked hard in organizing their class and leading their peers throughout a very unique year. However, these young people could not have managed without the help of their class advisors. The teachers that aided the class of '84 were: Mr. Dickson, Mrs. Sheets, Miss Page, Mrs. Gamble, Mr. Medlock, Miss Pendleton, Mr. Morgan and Mrs. DePriest. The advisors' responsibilities were numerous. They had to keep the Sophomore class organized and also plan for the future years. These class advisors will guide these students till graduation.

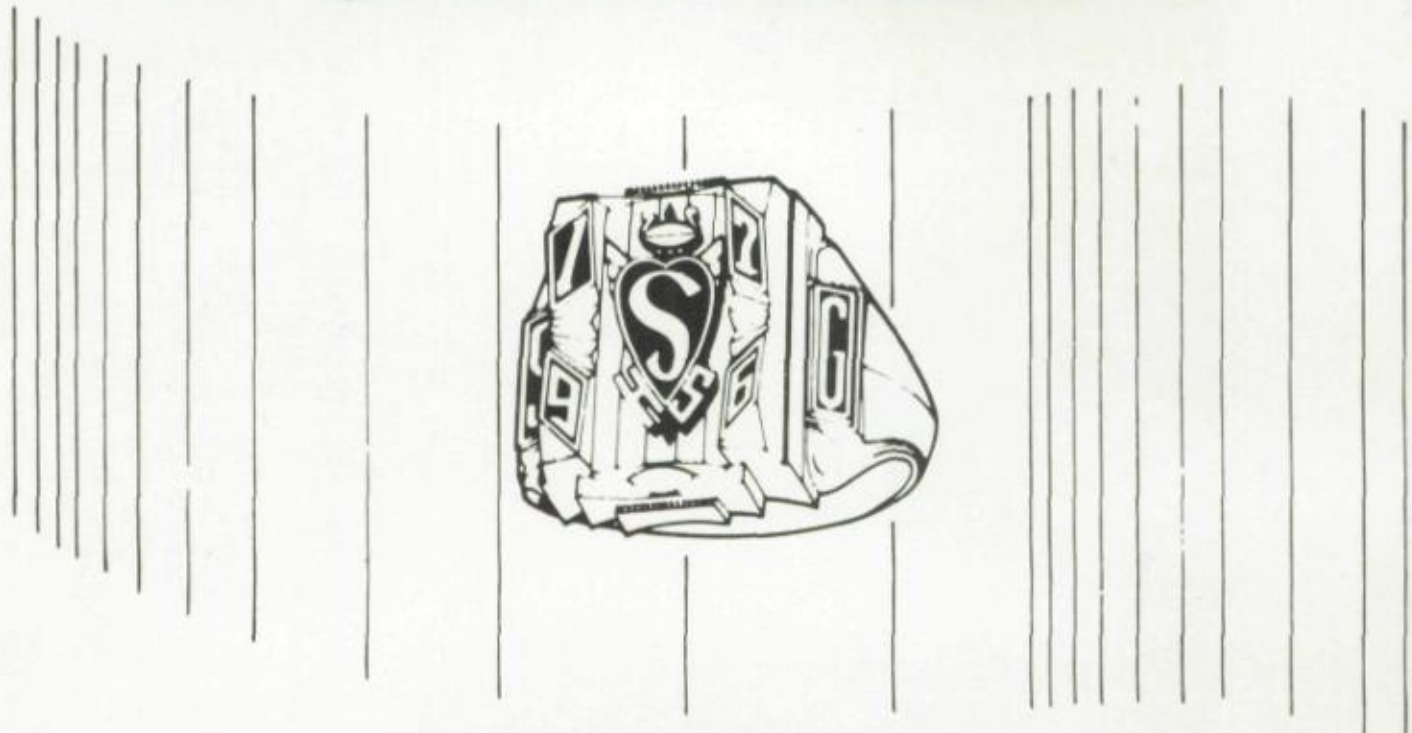
Your class ring
A GREAT FEELING



Pride is the catalyst for human achievement...the mover of minds, of muscles and most of all hearts. Your class ring is more than a mere piece of jewelry. A class ring shows Pride.

Your class ring identifies you with your school and your class for all to see. It carries with it much sentimental value and will help you preserve special memories forever.
